

Innovative Cards Awards in Paris: Best prepaid solution for SELP with the Frizbee eGift card

The 32th session of the Innovative Cards Awards was organized on December 13th in Paris, under the patronage of former Minister Philippe Douste Blazy.

In the category "Best Prepaid Solution", SELP won the award for Frizbee, the innovative eGift card issuance platform.

This award underlines the quality of SELP developments and the strong position of the company as supplier of a global solution to the smart-cards issuers.

60 countries in the world have chosen SELP products and services.
